## Education

<b>Jaipur Engineering College and Research Center, Jaipur</b> <i>B.Tech in Computer Science and Engineering</i>	<b>2021 - 2025</b> <i>8.68 CGPA</i>
<b>CLG Senior Secondary School, Sumerpur</b> <i>12th (RBSE)</i>	<b>2020</b> <i>90.8 %</i>
<b>Modern Senior Secondary School, Sheoganj</b> <i>10th (RBSE)</i>	<b>2018</b> <i>90.0 %</i>

## Technical Skills

**Languages:** C++, C  
**Frontend:** React, HTML, CSS, Javascript, Bootstrap  
**Database:** SQL, MongoDB  
**CS Fundamentals:** OOPs, DSA, Operating System, DBMS  
**Developer Tools:** VS Code, GitHub

## Projects

### Gym Website

- Tech Stack: React, HTML, CSS, Javascript, Tailwind.
- Developed a React-based frontend application, focusing on user experience, responsiveness, and scalability.
- Utilized React Hooks like useState, useEffect, and useContext to efficiently manage component state.
- Responsive in design to ensure the application functioning well across various devices, using CSS framework Tailwind.

### Portfolio Website

- Tech Stack : HTML, CSS, Javascript, Tailwind.
- Designed and developed a personal portfolio website showcasing projects, skills, and professional experience.
- Used CSS and JavaScript for interactive elements, enhancing user engagement with dynamic transitions and effects.
- Integrated contact forms and social media links to facilitate networking and communication with potential collaborators.

## Experience

### JECRC Cloud Summit - Sept 2022

*Creation Cell Member*

- India's First Student Driven offline Cloud Conference, Rajasthan's First and Biggest Cloud Conference.
- I was in the creation cell and helped in budget management and decorum maintenance.

### JECRC Renaissance - May 2023

*Team Lead of PUZZLE MANIA*

- National Techno-Cultural Fest of JECRC Foundation.
- We applied our knowledge of budget, time management and leadership skills.
